ABOUT ME

A motivated and curious B.Tech student pursuing Computer Science, with a solid foundation in programming, data structures, and web technologies. I thrive in collaborative environments and am always seeking opportunities to expand my knowledge through hands-on experience and continuous learning.

EDUCATION

2023 - 2027

Bachelor of Technology (B.Tech)
Currently Pursuing my Btech degree in Computer Science And Engineering from Poornima College Of Engineering

2022 - 2023

Senior Secondary (Class 12)
Tagore Vidhya Bhawan Senior Secondary School, RBSE
Percentage: 83%

EXPERIENCE

2025

Group Project – Real-Time Face Emotion Recognition System

- Integrated OpenCV for face detection and real-time video processing.
- Collaborated with a team of four members, contributing to model training and front-end integration.
- Focused on enhancing model accuracy and system responsiveness.

2024

Group Project – Smart Charging Station for Electric Vehicles

- Designed a smart charging system prototype for electric vehicles using IoT and embedded systems.
- Integrated sensors to monitor charging status, energy consumption, and user authentication.
- Built a user interface to display real-time charging data.

SKILLS

- Leadership
- Analytics
- Digital Marketing
- Teamwork
- Communication
- Problem Solving
- Inovation
- Collaboration

CERTIFICATES

- **Programming in Modern C++ – NPTEL | Dec 2024**

- **Database Management System – NPTEL | May 2025**

- **Fundamentals of Object Oriented Programming – NPTEL | May 2025**
